MISSION STATEMENT

The Mission of Colēgiate Academy is to provide students with high quality virtual learning content and services. Colēgiate Academy is committed to fostering the development of diligent and responsible life-long learners of the 21st century through the thoughtful use and continuous, data-driven improvement, of interactive, media-rich educational opportunities in flexible, student- centered, virtual learning environments.

VISION STATEMENT

Colēgiate Academy is dedicated to providing equitable high-quality education for all students.

STATEMENT OF PURPOSE

Colēgiate Academy promotes a culture that maximizes student achievement and fosters the development of responsible, self-directed lifelong learners in a safe and enriching environment.

*The Mission, Vision, and Purpose Statements of Colēgiate Academy are reviewed and updated periodically by the Governing Board and stakeholders periodically upon the completion of each strategic planning cycle.

ADMISSIONS AND ENROLLMENT POLICIES AND PROCEDURES

Colēgiate Academy, hereinafter referred to as “CA,” has instituted admissions and enrollment policies and procedures. The purpose of CA’s program is to make instruction available to students using online and distance learning technology in the nontraditional classroom. The program shall provide virtual instruction to students in grades 6 through 12.

ENROLLMENT PROCEDURES

To enroll, a student must complete a registration form for admission and be accepted before being allowed to enroll in classes. Admissions to a targeted enrichment program, as opposed to one or more independent classes, may have additional requirements and fees, which can be found in the program description or program guide.

Once registered, the student will be supplied with a username and password to access their courses. Courses are up to 36 weeks long. An additional 2-week extension will be granted in special circumstances.

ANTI-DISCRIMINATION PROVISIONS

Colēgiate Academy’s admissions and enrollment policies related to anti-discrimination are in compliance with Discrimination against students and employees in the public education system prohibited; equality of access required.

The statute prohibits discrimination on the basis of race, ethnicity, national origin, gender, disability or marital status against a student or employee. This policy is in accordance with state and federal laws, including Title VI of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and the Americans with Disabilities Act of 1990. Information relative to special accommodations, grievance procedures, and the designated responsible official for compliance with the Title VI, Title IX and Section 504 may be obtained by contacting Colēgiate Academy.

All public K-20 education classes shall be available to all students without regard to race, ethnicity, national

origin, gender, disability, or marital status; however, this is not intended to eliminate the provision of programs designed to meet the needs of students with limited proficiency in English, gifted students, or students with disabilities or programs tailored to students with specialized talents or skills.

Students may be separated by gender for a single-gender program as provided under s. 1002.311, for any portion of a class that deals with human reproduction, or during participation in bodily contact sports. For the purpose of this section, bodily contact sports include wrestling, boxing, rugby, ice hockey, football, basketball, and other sports in which the purpose or major activity involves bodily contact.

Guidance services, counseling services, and financial assistance services in the state public K-20 education system shall be available to students equally. Guidance and counseling services, materials, and promotional events shall stress access to academic and career opportunities for students without regard to race, ethnicity, national origin, gender, disability, or marital status.

No person shall, on the basis of gender, be excluded from participating in, be denied the benefits of, or be treated differently from another person or otherwise be discriminated against in any interscholastic, intercollegiate, club, or intramural athletics offered by a public K-20 educational institution; and no public K-20 educational institution shall provide athletics separately on such basis.

Notwithstanding the requirements of paragraph (a), a public K-20 educational institution may operate or sponsor separate teams for members of each gender if the selection for such teams is based upon competitive skill or the activity involved is a bodily contact sport. However, when a public K-20 educational institution operates or sponsors a team in a particular sport for members of one gender but does not operate or sponsor such a team for members of the other gender, and athletic opportunities for that gender have previously been limited, members of the excluded gender must be allowed to try out for the team offered.

This subsection does not prohibit the grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to gender. However, when use of a single standard of measuring skill or progress in a physical education class has an adverse effect on members of one gender, the educational institution shall use appropriate standards which do not have such effect.

A public K-20 educational institution which operates or sponsors interscholastic, intercollegiate, club, or intramural athletics shall provide equal athletic opportunity for members of both genders.

NONSECTARIAN POLICY

CA, is committed to providing employees with the best work experience possible. CA is nonsectarian in its programs, admissions policies, employment practices, and operations as specified in Section 1002.45, Florida Statutes. The policies provided serve as a source of information about the policies and procedures for teachers, parents, and students participating in CA programs. CA, upon resolution by its Board of Directors, reserves the right to amend, add or change the policies, protocols, or procedures as it deems necessary or as required by law.

GENERAL ATTENDANCE AND PARTICIPATION POLICIES

CA monitors student attendance, participation, and performance to ensure that students meet compulsory attendance requirements and are making progress toward successful completion of the course or program as specified in the program's attendance policies.

Virtual students are expected to attend and participate in their online education courses as they would attend and participate in a traditional classroom course. Expected number of logins will vary depending upon the student's chosen pace to complete the course.

If there is no activity or login from a student in one week, the teacher may contact the student and or parent. Unless prior communications have been received from the student, parent, or home school regarding the student's absence, a student who fails to log in and participate in his/her online course for twenty (20) days may be dropped from the course. If a student does not log in to a course for seven (7) consecutive days for any reason, it is his or her responsibility to notify the teacher.

Attendance is measured by time logged in, contributions made through communication via discussion threads, e-mails, Drop Box, chat sessions, video conferences, and/or through the submission of assignments, projects, and tests. Each time a student enters a course, participation is automatically recorded and the length of time in each area is noted.

ASSESSMENT AND ACCOUNTABILITY

All public-school students are required to take state assessments, including virtual public-school students. These students are required by law to take state assessments and it is the responsibility of their school district to provide a location for them to take state assessments. These students will be tested at their district school of enrollment, or the district may choose to have them report to the school in their attendance zone, to another school in the district or to another location established by the district.

All CA full-time students are required to take state assessments. Although the students are not enrolled in district public schools, they are public school students and are required to take all state assessments. Currently, only school districts administer statewide assessments, and the law specifies that these students are to take these tests in their districts of residence at the school to which they would be assigned according to district school board attendance areas unless CA and the school district agree to an alternate site. There is no additional cost for students to take the required state assessments.

STUDENT DROP POLICY

Only through continuous communication can students be successful in an online course. Within each course the instructor outlines the weekly minimum work requirements. It is essential that the student and instructor maintain regular contact.

All students are required to sign the following statement upon registration:

“I acknowledge that during the first 30 days of being activated into my CA course, I may drop the course without penalty. I understand that for each online course there are a minimum number of assignments that must be completed each week. Failure to submit the minimum number of assignments on a weekly basis will result in my removal from the course and may result in a failing grade being assigned to my academic transcript. If I drop the course after completing 50% of the class requirements and fail to take the final exam, CA may issue an “F” for my final grade.”

To ensure that our students are aware of this commitment, the four-part process below will be followed:

1. If the student does not submit the expected number of assignment(s) within a period of ten (10) consecutive days, the student and parent will receive an email from the instructor to schedule an academic intervention conference call. During the call, the student, parent and teacher will work to resolve any issues that prevent the student from submitting an acceptable number of assignments each week.
2. If the student does not respond to the intervention by submitting assignments within five (5) days or does not continue to submit an acceptable number of assignments each week, the instructor will place a phone call to the student/parent(s) to remind them of the importance of submitting work and detailing the withdrawal process.
3. If the student does not respond by submitting assignments within twenty (20) days of the intervention, CA will send a formal email to the student and the parent.
4. If there is no response within twenty (20) days of the email, CA will assume that the student does not intend to remain in the course, and the student will be administratively dropped from the course.

ACADEMIC GRADING PERFORMANCE SCALE

GRADE	LETTER VALUE	VERBAL INTERPRETATION	GRADE POINT VALUES
A	90 - 100 %	Outstanding	4
B	80 - 89 %	Good	3
C	70 - 79 %	Satisfactory	2
D	60 - 69 %	Minimal; Improvement Needed	1
F	0 - 59%	Unsatisfactory	0
I	0	Incomplete (Secondary Only)	0

The academic grades in all courses are to be based on the student's degree of mastery of the instructional objectives and competencies for the course. The determination of the specific grade a student receives will be based on careful consideration of all aspects of each student's performance such as coursework, supplemental projects, virtual tests, and other online assessments. Progress reports and report cards will serve as the primary means of communicating student progress and achievement of the standards for promotion.

STUDENT'S RESPONSIBILITIES

Students are expected to maintain an appropriate pace throughout the course and take care to not fall behind. He or she must be proactive in giving their best effort to always attain proficient grades in each class.

If the student has difficulties with the course, assignments, or with time management, he or she should contact the teacher for support and guidance.

STUDENT CODE OF CONDUCT

Internet access is required for all students, but access must be used in a responsible, safe, efficient, ethical, and legal manner. With expanded access to electronic information, availability of inappropriate material is not uncommon. Some sites contain illegal, defamatory, inaccurate, or offensive information. Although it is impossible to control such misuses, we believe that with responsible use, the benefits of the Internet as an educational tool outweigh the negatives. We especially appreciate partnering with parents to teach responsible Internet use.

Please review the following rules and expectations carefully:

- Students are responsible for good behavior on the network. Always use a computer in a way that shows consideration and respect. It is not acceptable to use obscene, profane, threatening, or disrespectful language.
- We take integrity and authenticity of student work very seriously. Do not cut, copy, or plagiarize Internet content or the work of your online classmates. Teachers do utilize technologies to check for authenticity. Copying, knowingly allowing others to copy from you, and/or misusing Internet content could result in removal from our courses and other disciplinary action.
- Security is a high priority, especially when the system involves many users. If you can identify a security problem in the school's computers, network, or Internet connection, notify a system administrator.
- It is illegal to create harmful computer viruses.
- Email is not private. Never say anything via email that you wouldn't mind seeing on the school bulletin board or in the local newspaper.
- Beware of emails from anyone, particularly adults you don't know, asking for personal information, attempting to arrange meetings, or engaging in personal contact. Alert your teacher of any message you receive that is inappropriate or makes you feel uncomfortable.
- Email with your online classmates should be course related. It is prohibited to send unwelcome email to your online classmates.
- Email addresses that use profanity or may be construed as offensive, shall not be permitted for correspondence. Administration reserves the right to determine if student email addresses are inappropriate. When necessary, students will be asked to use an alternative email address or be refused participation in courses.
- Protect your password. Keep it secret from anyone except your parents.

INTERNET USAGE POLICY

All Internet data that is composed, transmitted, or received via our computer communications systems is considered to be part of the official records of CA and, as such, is subject to disclosure to the parent, parents, administration or other third parties. Consequently, CA expects both students and staff to abide by the school's internet usage policy:

Data that is composed, transmitted, accessed, or received via the Internet must not contain content that could be considered discriminatory, offensive, obscene, threatening, harassing, intimidating, or disruptive to any other person. Examples of unacceptable content may include, but are not limited to, sexual comments or images, racial slurs, gender-specific comments, or any other comments or images that could reasonably offend someone on the basis of race, age, sex, religious or political beliefs, national origin, disability, sexual orientation, or any other characteristic protected by law.

Abuse of internet platforms and tools provided by the school in violation of school policies will result in disciplinary action. Employees may also be held personally liable for any violations of this policy. The following behaviors are examples of previously stated or additional actions and activities that are prohibited and can result in disciplinary action:

- Sending or posting discriminatory, harassing, or threatening messages or images.
- Stealing, using, or disclosing someone else's code or password without authorization.
- Copying, pirating, or downloading software and electronic files without permission.
- Sending or posting confidential Somerset I, trade secrets, or proprietary information outside of the organization.
- Violating copyright law.
- Engaging in unauthorized transactions that may incur a cost to the organization or initiate unwanted Internet services and transmissions.
- Participating in the viewing or exchange of pornography or obscene materials.
- Sending or posting messages that defame or slander other individuals.
- Attempting to break into the computer system of another organization or person.
- Refusing to cooperate with a security investigation.
- Using the Education Portal for political causes or activities, religious activities, or any sort of gambling.
- Jeopardizing the security of the organization's electronic communications systems.
- Sending or posting messages that disparage another organization's products or services.
- Passing off personal views as representing those of the organization.
- Sending anonymous e-mail messages.
- Engaging in any other illegal activities.

ACADEMIC INTEGRITY POLICY

- What is academic integrity?

Academic integrity is an ethical code, whereby the student guarantees that all work submitted is the student's own work.

Why is academic integrity important?

When students submit an assignment that is not their own original work, there are two issues involved:

- Students are earning credit for learning material for which they have not demonstrated mastery.
- They may be violating the policies of CA.

What are some examples of academic integrity violations?

There are two kinds of academic integrity violations. One is "plagiarism" and the other is "cheating."

Plagiarism - To steal and pass off (the ideas or words of another) as one's own: use (another's production) without crediting the source. Some examples are, but not limited to the following:

- Copying and pasting a report from the Internet and representing it as your own work
- Copying any other work and not properly citing authorship

Cheating

- To influence or lead by deceit, trick, or artifice.
- To practice fraud or trickery to violate rules dishonestly.
- Providing questions/answers/ work to another student.
- Receiving questions/answers/work from another student.

Ensuring Academic Integrity

CA uses a variety of tools to ensure the integrity of student work.

- Plagscan.com - This Internet tool compares student work against a variety of databases. The Learning Management System is now integrated with Plagscan.com, and most work is automatically uploaded to the system. This database compares students' work against other students' work, as well as work found on the Internet.
- Academic Integrity Database - Database of student integrity incidences or violations. This database is used to monitor the number of student integrity issues.
- Teacher Expertise - Instructors have extensive classroom experience. Their expertise is often a guide in identifying the level of originality in student work.

- Discussion Based Assessments - Each teacher regularly conducts discussion-based assessments with his or her students. These conversations occur at specific intervals as well as randomly in a course and are included in the assessment component of each course. The teacher discusses individual student work and extends the conversation to allow the student to demonstrate mastery of the content and to verify the authenticity of the student's work.
- Academic Integrity Reporting Policy - Community members, guidance counselors, parents, and students can call or email any academic integrity-related issue anonymously.

Consequences of Violation of this Policy

A variety of consequences will be administered when students are caught cheating or plagiarizing. These consequences range from resubmission of an assignment up to expulsion from coursework. Additionally, final grades may be rescinded if a student is found to have cheated or plagiarized after the grade has been posted to a transcript.

Students are responsible for submitting their own, original work and are expected to:

- Read and sign the Student/Parent Acknowledgement Form as part of the enrollment process.
- Participate in a welcome call during which components of our academic integrity program will be discussed.
- Ask any questions regarding plagiarism or cheating if they are not sure.

Parents, as partners in supporting student learning, are expected to:

- Read and sign the Student/Parent Acknowledgement Form as part of the enrollment process.
- Participate in a welcome call during which components of our academic integrity program will be discussed.
- Ensure that their student's work is authentic and original.
- Monitor, via their guardian account, various academic integrity tips from the IM.
- Ask any questions regarding plagiarism or cheating if they are not sure.

Teachers, as stakeholders in ensuring the highest standards of academic integrity, are expected to:

- Act as a resource for student questions.
- Submit various assignments in the Plagscan.com database.
- Coordinate any academic integrity issues with the Instructional Leader.
- Verify student mastery of content through discussion based and authentic assessments.
- Participate in any mandated trainings or staff development.

Instructional Leaders are expected to:

- Support academic integrity in each course they oversee.
- Ensure that all teachers participate in academic integrity initiatives.
- Support the administration of consequences.
- Provide support to the instructional staff in the implementation of these policies.

STUDENT CODE OF HONOR

A student should NEVER:

- Share their Username and Password with anyone other than their Parents.
- Use anyone else's Username and Password.
- Obtain or assist anyone to obtain unauthorized access to the network.
- Post their or anyone else's personal information (i.e. address, email, telephone, etc.)
- Post private messages sent to them.

TEACHER AVAILABILITY AND RESPONSIVENESS

Frequent student-teacher communication in the virtual learning environment requires commitment above and beyond the traditional workday by staff in a brick-and-mortar environment, as communication is the critical element to the success of the program. Instant Message (IM) communication and email are considered essential and are expected on a regular basis. Voice to voice communication is expected, at a minimum, during the initial start as well as at the end of the term.

CA makes the following commitments to its students, parents and schools:

- All email, voicemail and instant message communication will be responded to within 24-48 hours during the work week.
- Teachers will establish office hours and post them within the virtual classroom. During those hours, teachers will be available to answer phone calls, emails, and instant messages. Each request for correspondence will be answered in as timely of a fashion as possible with a minimum turnaround target of 24 hours. No response to a student/parent contact shall exceed 48 hours from the time of initiation.
- Teachers are expected to talk personally with each student and their parent at least once a month as well as at the beginning and end of the term.
- Teachers will update course announcement pages frequently.
- At the beginning of the course, each student will receive a Welcome Call / Orientation from their teacher as well as required monthly calls.
- Teachers will provide targeted and timely feedback to students on submitted assignments and completed assessments within a period of time not exceeding 72 hours.

PARENT/GUARDIAN'S RESPONSIBILITIES

As a parent/guardian of a virtual school student, it is very important to understand the responsibilities associated with that role. With the many distractions students have today, it can be difficult for some students to set aside time to work on courses when not in school. It is the responsibility of the parent/guardian to encourage the student to manage their time in an effective way. Teachers will keep the parent/guardian apprised of the student's progress and will initiate contact if they fall behind in their coursework.

Parents are expected to supervise and monitor their student's progress throughout the duration of the course. This can be accomplished by accessing the parental account periodically to monitor student progress.

Parents should support Academic Integrity. Academic Integrity is one of our core values and one of the most important areas of focus as a learning organization. Students with Academic Integrity make decisions based on ethics and values that will prepare them to be productive and ethical citizens.

You may contact your child's teacher directly via email and/or instant messaging to answer questions about the course that you may have. When a parent/guardian has a concern about the child's performance or behavior, the parent/guardian should set up a conference with the child's teacher.

Parents/guardians should also be aware of the course progression plan that their student is following and use that to help plan for the child's academic and educational future.

PRIVACY POLICY

CA will abide by student privacy guidelines inspired by the Family Educational Rights and Privacy Act (FERPA) of the federal government of the United States. The following persons have access to student records:

- Principal
- Administrative Team
- Professional Staff (Teachers, Guidance Counselor, the General Counsel)

All students are provided a unique password to access online courses. It is the student's responsibility to keep his/her password in confidence.

ANTI-DISCRIMINATION POLICY

CA's admission and enrollment policies and procedures comply with anti-discrimination provisions.

CA does not discriminate against pupils on the basis of sex, race, color, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, physical, mental, emotional, learning disability or handicap in its education programs.

Furthermore, the criteria for admission to a program or course shall not have the effect of restricting access by persons of a particular race, ethnicity, national origin, gender, disability, or marital status.

Discrimination on the basis of race, ethnicity, national origin, gender, disability, or marital status against a student or an employee is prohibited.

BULLYING AND HARRASSMENT POLICY

Colēgiate Academy prohibits harassment between members of the CA community, including communication of any form between students, CA faculty and/or staff, and any third parties directly or indirectly related to the CA Academic Network.

CA is committed to maintaining a working and learning environment in which students, faculty, and staff can develop intellectually, professionally, personally and socially. Such an atmosphere must be free of intimidation, fear, coercion and reprisal.

It is an expectation that all students and employees shall use all equipment and programs for the intended educational purpose. CA is committed to protecting its students and employees from bullying, harassment or inappropriate uses of computers or programs to participate in bullying behavior. Bullying and Harassment will not be tolerated and shall be just cause for disciplinary action.

Conduct that constitutes bullying or harassment, as defined herein, is prohibited.

Bullying, harassment, and cyber stalking are defined as inflicting physical or psychological distress, and/or communicating words, images or language using electronic mail that causes emotional distress and for which there is no legitimate purpose.

Any action by a student or parent deemed inappropriate will be fully investigated by the appropriate school administrator.

Consequences for students for actions that violate the policy on bullying and harassment shall be determined by the administrative staff and may include:

- Student/teacher/parent conference
- Suspension of email privileges
- Removal from access to courses

NETIQUETTE POLICY

Students are responsible for proper behavior while online. Students must always show consideration and respect when participating in CA classes. Obscene, profane, or threatening language online as well as offline will not be tolerated.

Students should be cautious about email messages from anyone, particularly adults asking for personal information, attempting to arrange meetings, or engaging in personal contact. Students should disclose to teachers any message received that is inappropriate or that causes uncomfortable feelings.

Any distribution of unsolicited email to online classmates is prohibited. All course interaction between teachers, parents, students, and stakeholders will be logged. Email messages to online classmates should be limited to welcomed correspondence that is course related. CA administrator will cooperate fully with any investigation related to any illegal activities conducted through the Internet.

DISCIPLINARY ACTIONS

CA will determine the appropriate disciplinary actions for student violations of the code of conduct as they arise. The severity of the offense is the prime determiner in deciding the appropriate consequence. Any inappropriate behavior, outlined in the student/parent handbook or otherwise, that is reasonably considered detrimental in a school setting is grounds for immediate removal from the CA program. Possible actions may include but are not limited to:

- Written and verbal warning and notification to the parent.
- Placement on “temporary conduct probation.” A student’s online academic network activities will be monitored for the duration of the student’s current course(s) and the course(s) the student takes in the subsequent term.
- Suspension from the CA program for a specified period of time.
- Permanent removal from CA.

When a violation has occurred, a report, including the date, time and circumstances of the alleged act, will be submitted. This report includes a description of the actions of all parties involved, names of witnesses available and documentary evidence that supports the charge.

Students wishing to report a violation should file the report through the teacher. Upon receipt of the report, CA will determine if the student may have violated a policy. If there is sufficient information, the student and parent will be contacted in writing informing the student of the charges in sufficient detail, including the time and place the alleged violation occurred and the penalty that would be appropriate if the student did in fact violate the policy.

CA GRIEVANCE POLICY

Students, faculty, and staff have the right to be officially heard in matters where they feel they have a grievance against School policy or personnel. The procedure for seeking redress of such grievances is set forth below:

1. A grievance must be initiated within three (3) weeks of the date of the alleged occurrence or the last act in a series of occurrences, unless otherwise waived by the Chief Operating Officer, or Principal.
2. If the grievance involves CA faculty, staff, or a student (an “CA employee”), the complainant should first attempt to resolve such a grievance with that individual. A grievance should be filed if the complaint is not resolved with the CA employee, or if the complainant initially wishes to have anonymity with respect to the CA employee.
3. A complainant who has a grievance regarding an CA employee or with an CA policy must put the grievance in writing and the complainant should complete the attached form by filling in all necessary information. The complainant should submit the form directly to the appropriate “Grievance Officer”. For grievances that are “academic” in nature (involving a member of the faculty or an academic CA policy) the Grievance Officer shall be the Sr. Director of Domestic Academics if the grievance implicates CA’s domestic academic activities. For grievances that are “non-academic” in nature (involving non-academic personnel or a non-academic CA policy), the Grievance Officer shall be the Chief Operating Officer if the grievance implicates CA’s domestic non-academic activities. If a particular Grievance Officer reasonably believes that they received a grievance that is more within the purview of another Officer, they may forward the grievance to that official while providing written notice to the complainant of the action.

1. Reasonable efforts will be taken to maintain confidentiality unless the nature of the complaint requires disclosure (such as if it involves the commission of a crime). However, the complainant should know that his or her name could be made known to the Sr. Director of Domestic Academics, Chief Operating Officer, General Counsel, and Principal of CA.
2. The COO will contact the complainant to discuss the problem. The COO may call together the complainant and the CA employee (if applicable) to resolve the issue. If the complainant requests anonymity, the COO will meet with the CA employee, give the employee a copy of the complaint, and request a written response. The Sr. Director of Domestic Academics will report to the COO (if the grievance is academic in nature or non-academic) on the resolution of the matter.
3. If the matter was not satisfactorily resolved by the Sr. Director of Domestic Academics, the complainant may appeal to a “Hearing Committee”, consisting of the Chief Operating Officer (depending on the academic or non-academic nature of the grievance) and no less than two other administrators or faculty members, as selected by the Principal, who have no relationship to the complainant’s case. The Hearing Committee’s decision may be appealed to the Principal of CA.
